

## New Haven, CT, Yale University, Beinecke Rare Book & Manuscript Library, Beinecke MS 322

*Description:* ff. ii + 222 + ii - 14th century. Apparently bound in England before arriving in Italy. Original sewing, wound and caught up, on five tawed skin, slit strap supports laced through tunnels in the edge to the outside of oak boards, laid in channels and pegged with rectangular pegs. The spine is square with no trace of adhesive. Quarter covered with vellum or tawed skin nailed along the edge. The boards are broken, the sewing breaking and most of the cover wanting; the boards were repaired in the 18th or 19th century when presumably the front flyleaf and pastedown from a document, in Italian, listing sale agreements made during 1650-52, were added. - Acquired from S.
